# SecureCoin™

Electronic Coin Acceptor

- Ready to accept any combination of U.S. quarters and $1 coins – no programming required. Pre-programmed coins provide for better acceptance of valid coins and rejection of unwanted coins.

- Up to 3 tokens of your choice are easily programmed in addition to pre-programmed currency coins.

- Display and keypad allow for easy setup and provide access to multiple configuration options.

- Superior solid state sensing and sizing technology provides consistent and accurate coin evaluation.

- Waterproof design for high moisture environments such as car washes.

- Constructed of high impact plastic and stainless steel.

- Power saving mode when idle.

- Anti-stringing sensors and logic are standard equipment and reject all attempts at improper use.

- Changes to currency coins can be updated in the field without removing the acceptor from operation.

- No sample coins or manual adjustments are required.

- Universal interface works with most timers.

- Industry standard mounting.

- Available in 24 vac or 12-30 vdc versions with electronic or relay pulsing. Inhibit connection also available.

- Versions available for Canadian and Euro currency coins as well as other countries.

● — 1
● — 2
● — 4 #pulses for Selected Token
● — 8
● — 16

Press to set #pulses for Selected Token — 4

Panel Display:

- Fast and easy setup, no switches.

- Display provides diagnostic messages.

- Display and keypad allow for easy setup and provide access to multiple configuration options.

- Pulse speed can be adjusted to accommodate older timers.

- Number of pulses for pre-programmed currency coins can be set to either fixed or variable depending on which currency coins are enabled.

- Configurable token settings provide improved performance based on the characteristics of your token.

## Coin Release Mechanism and Full Access to Coin Path:

- Coin Release Mechanism allows bent or damaged coins to be removed with the simple press of the mechanism.

- Full access to the coin path is readily available for cleaning and other service.
