

MX
Industrial
Pressure Washers

MAGIKIST

Standard features include:

- Compact and sturdy powder coated floor stand minimizes space requirements.
- Triplex ceramic plunger pumps belt driven at slow speeds for quiet operation and extended life.
- High pressure soap provides superior cleaning compared with soap injector systems.
- Electric motors are 1750 RPM TEFC industrial rated Leeson or Baldor.
- Pressure regulating unloader valve for easy pressure adjustment.
- Metering valve allows exact setting for desired soap concentration.
- Soap container conveniently located holds 3 1/2 litres and allows for mounting of Magikminder soap proportioner.
- Safety relief valve, pressure gauge and prime valve are all standard items.
- Supplied with 35 feet of wire braid high pressure hose, quick couplers, trigger gun, high pressure swivel, 24" insulated wand and stainless steel nozzle.

Options available include:

- A variety of panel mounted controls are available including remote pushbutton operation and car wash vending operation.
- Optional casters allow for portable use.
- X series or HX series triplex ceramic plunger pump with pressures up to 3000 psi come complete with unloader valve and glycerine filled pressure gauge.
- Remote control allows for one or more wash areas located away from the unit. Low voltage connections between the unit and the wash areas allow the operator to start or stop the unit, and select rinse or detergent from the wash areas.
- Remote control can be enhanced with timed shutdown feature. Timed shutdown will monitor the operation of the unit and automatically turn off the pump if the wash gun is not used for a preset amount of time. This feature protects remotely controlled units from being left on unintentionally for extended periods of time, which can result in equipment damage.
- Stainless steel hose reel holds up to 150 feet of 3/8" hose.
- **Magikminder** automatic liquid level proportioner allows detergent level and concentration to be maintained automatically in detergent reservoir directly from concentrate.
